NEWS FROM THE ACCOUNTS TEAM

Rain, rain go away.... It has been another frustrating month of wet weather, which has seen many jobs being delayed. We do understand that this may lead to delays in getting draws and may result in cash flow issues, so if you need assistance please give us a call us as soon as possible. If we can't get in contact with you and find out where you are at with outstanding payments, then we may be left with no choice but to place your account on stop credit and / or begin alternative debt collection action if payment terms are breached. We are also required to report our customers to a number of authorities once an account is 90 days overdue, which may be detrimental to one's credit rating.
