Accounts Team

Happy end of Financial Year 2023/2024!

Please ensure all your payments are up to date to avoid any account issues.

Brendale Truss & Frame Plant

We are still facing a large amount of job movements due to spots being held with builders consciously aware that there is minimal chance of proceeding within the timeline.

Please ensure you advise our team of any changes as early as possible. These false bookings are the biggest factor for long lead times and production delays.

Due to this, we have been detailing and completing jobs that aren't ready for site or are being pushed back which means a loss of resources we do not have at this time.

The approximate lead time for quotes are as follows:

Quotes - Frames & Trusses - approx. 23 Working days (standard residential quotes)

Quotes - Frames & Trusses - approx. 10 Working days (carport quotes)

Quotes - Frames & Trusses - approx. 28 Working days (multi-residential & commercial quotes)
